⚛ PROJECT

Interactive Web Portfolio: Crafting with React.js and Tailwind CSS ⌐
07/2023 – present

- Spearheaded a comprehensive project consisting of **multiple sub-projects**, each addressing distinct user needs and enhancing overall usability.
- Leveraged **React.js and TailwindCSS** to develop responsive and visually engaging user interfaces, resulting in improved user satisfaction and engagement rates.
- Utilized **Git** for seamless version control and collaborative development, ensuring **smooth coordination** among team members and efficient code management.
- Demonstrated autonomy and ownership by single-handedly deploying the entire project on **Netlify**, allowing for **continuous integration** and **automated deployments** to ensure the latest enhancements are accessible to user.
